

IRRICAD LINK IRRICAD JUST GOT BETTER

IRRICAD LINK LAUNCH

The launch is about the New version of Irricad Link.

See below website link and PDF flyer attached.

<http://irricadlink.irricad.com/>

Jo Vivier of Irricad New Zealand and Gennaro Vellotti or Matthew Forward of Netafim Australia will be attending all events. This is a great opportunity to meet Jo, Gennaro or Matthew, ask questions, and request new features that are important to the types of design that you do. The show events will focus on Irricad Link and version 16. Irricad Link is the version that runs inside AutoCAD or BricsCAD. so even if you are an experienced Irricad user there will be plenty to see and learn. See following page for location information.

SPEAKER PROFILES

Jo Vivier - Mrs Jo Vivier provides primary customer support and training for IRRICAD. She has been involved with IRRICAD since 1998, both as a support consultant and irrigation designer. She is based in the North Island of New Zealand and is travelling around Australia for the seminars and training.

Matthew Forward - Matthew brings real world knowledge in the design and specification of various types of irrigation systems. He also is a very capable and experienced Irricad operator and regularly provides technical support and specialised training for the software.

Gennaro Vellotti - Gennaro has many years of design experience with Netafim Australia. Gennaro understands the "Needs of Today" in irrigation design and was involved in the initial development of the current Irricad Pro design software. He is a very capable and experienced Irricad operator, regularly providing technical support and specialised training for the software, throughout Australia.

AGENDA

- Introducing Irricad Link
- Demonstration of designing in Irricad Link
- Version 16 Irricad new features
- Questions & Answers
- Wish list for future features
